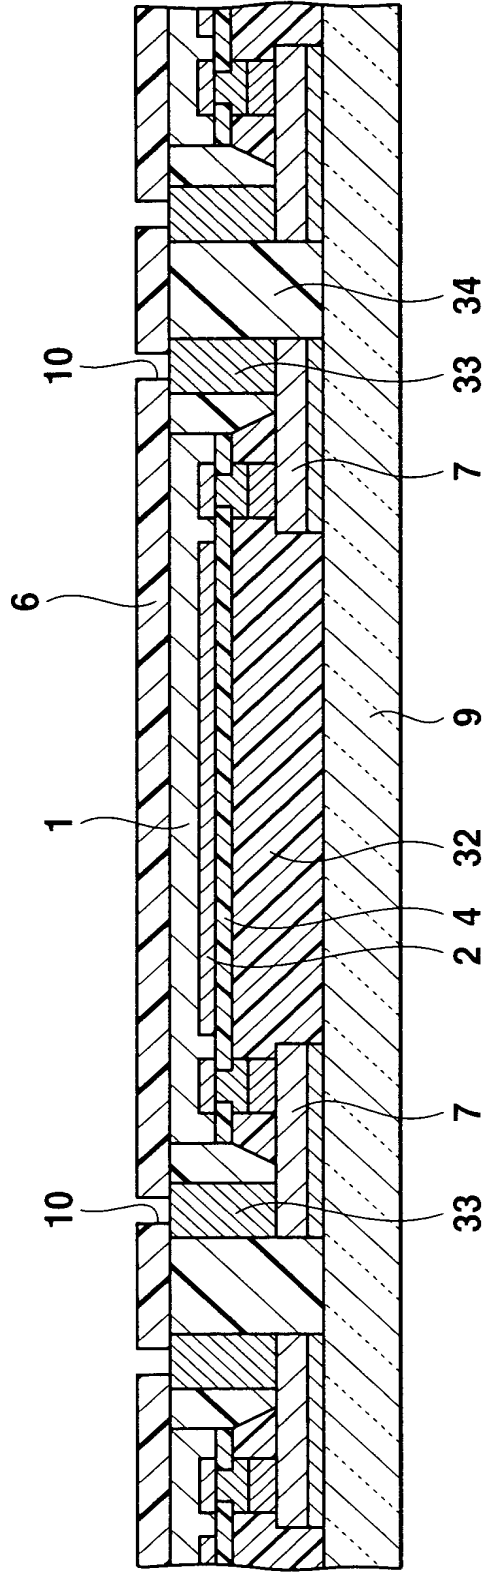

FIG.22

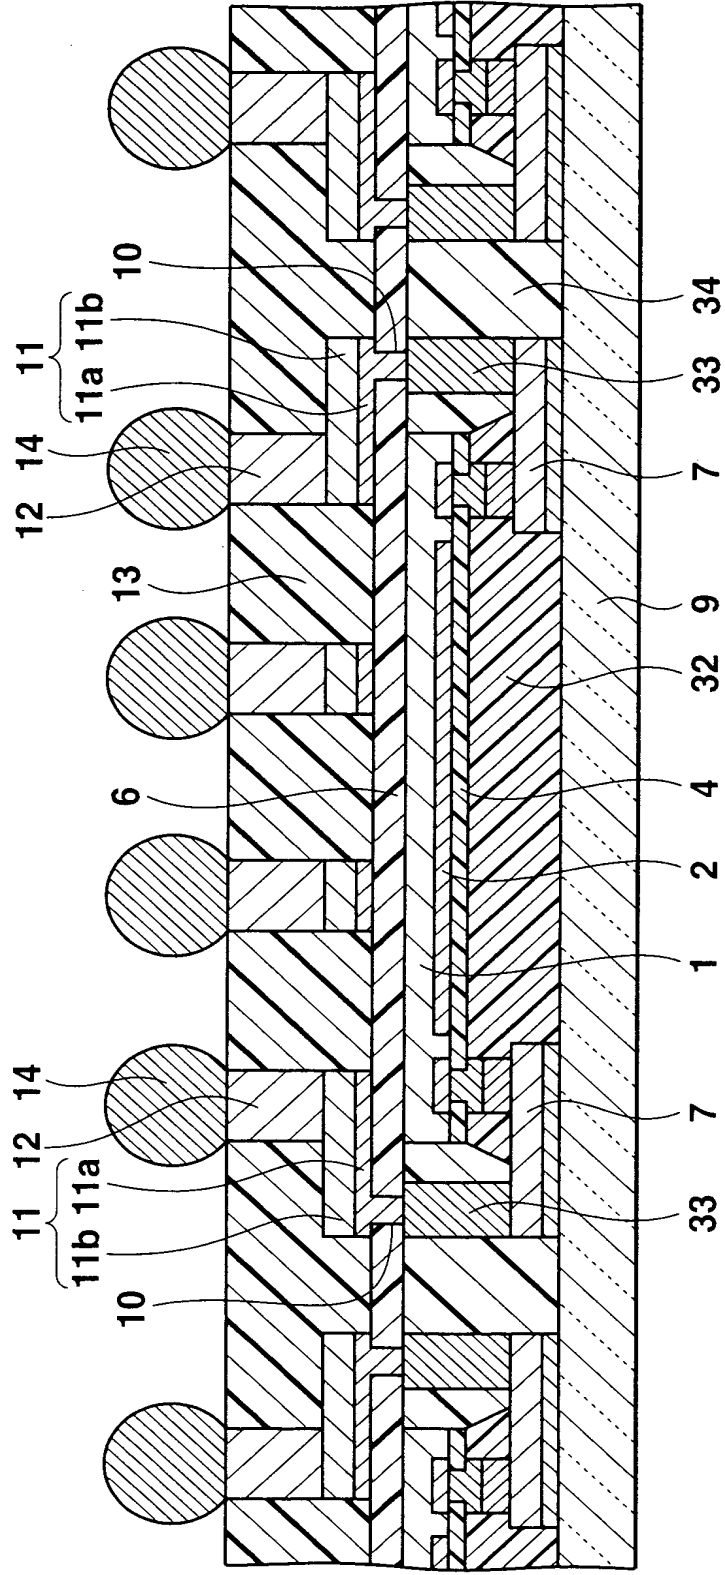

Figure 1 is a cross-sectional view of a multi-layered structure. The structure consists of several layers and components, labeled with numbers 1 through 34. The layers are stacked vertically, with the top layer being a thin layer (1). Below it is a thicker layer (2), followed by a layer (3) with a hatched pattern. Layer 4 is a thin layer, and layer 5 is a thicker layer with a hatched pattern. Layer 6 is a thin layer, and layer 7 is a thicker layer with a hatched pattern. Layer 8 is a thin layer, and layer 9 is a thicker layer with a hatched pattern. Layer 10 is a thin layer, and layer 11 is a thicker layer with a hatched pattern. Layer 12 is a thin layer, and layer 13 is a thicker layer with a hatched pattern. Layer 14 is a thin layer, and layer 15 is a thicker layer with a hatched pattern. Layer 16 is a thin layer, and layer 17 is a thicker layer with a hatched pattern. Layer 18 is a thin layer, and layer 19 is a thicker layer with a hatched pattern. Layer 20 is a thin layer, and layer 21 is a thicker layer with a hatched pattern. Layer 22 is a thin layer, and layer 23 is a thicker layer with a hatched pattern. Layer 24 is a thin layer, and layer 25 is a thicker layer with a hatched pattern. Layer 26 is a thin layer, and layer 27 is a thicker layer with a hatched pattern. Layer 28 is a thin layer, and layer 29 is a thicker layer with a hatched pattern. Layer 30 is a thin layer, and layer 31 is a thicker layer with a hatched pattern. Layer 32 is a thin layer, and layer 33 is a thicker layer with a hatched pattern. Layer 34 is a thin layer. The structure is shown in a cross-sectional view, with the layers and components labeled with numbers 1 through 34.
